**To Whom It May Concern**

ASH/LA/A

February 2009

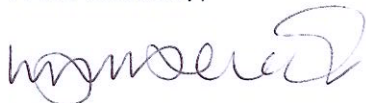

Dear Sirs

**ARK ARCHITECTS**

We refer to the above Company and would advise that we have worked with and employed Ark directly on a number of projects in recent years primarily on residential projects (although our comments relate to their input on other projects also) and have been impressed with their expertise and commercial acumen. Their ability to adjust their architectural style to suit the budget and still achieve aesthetically pleasing buildings that function well has been the difference between some of our projects proceeding or not and we would have no hesitation in recommending them for appropriate architectural commissions.

Please do not hesitate to contact our Managing Director, Allan Hemphill, should you require any further information.

Yours faithfully,

 **CRYSTAL MANAGEMENT LTD.**
